

Working agreement for Group 1

Group members:

Mohammad-Brousk Ali, Simon Henrichsen & Steffan Palompon Lindhard Nissen

Attendance & Location

For this assignment, we agreed that we wanted to show up every day at SEA, so we could work on the report and the program together instead of online.

- **Daily schedule:** We decided to meet every day at 9:00 AM.
- **Primary location:** We gather at our usual classroom at SEA to ensure a reliable meeting spot and prevent issues with occupied rooms.
- **Goal:** Work on both the report and the program together in person or online at sum up what we've done by the end of the day.

Workspace & Collaboration Setup

To keep the active participation and maintain transparency across all project phases:

- **Interactive workspace:** We will locate/reserve a room or spaces equipped with a screen to utilize Airtame. Screen sharing through Airtame encourages participation and ensures all group members fully understand the program code and report as it is being written.
- **Task assignments:** When it comes to assigning tasks, we want to keep it open, so the individuals can opt in and contribute their solution. If needed, we can ask each other for help, so nobody has to feel like a task is insurmountable. The same goes for the assignment, where we are going to work collaboratively to ensure that all the participants are aware of what and why it contains the specific parts.

Conflict Prevention & Resolution

We aim to maintain a constructive, respectful, and safe working environment.

- **Mutual agreement & Zero Tolerance:** Disagreements will be handled constructively with a focus on solving the actual issue rather than personal differences. We enforce strict zero tolerance for abusive language and disrespectful behavior.
- **Resolvment:** All issues brought to the table must be discussed with mutual respect and a professional tone. Should we face a conflict that we are unable to resolve internally, we will contact Trine for guidance toward a resolution.
-

Signatures & Commitment

By signing below, all group members agree to uphold the values, rules, and commitments outlined in this agreement.
